EUC-SERIES | EUCALYPTUS COLLECTION

EUCALYPTUS

EUCALYPTUS POLES

Hardwood poles imported from South Africa, Eucalyptus poles are pressure-treated and very durable due to their twisting growth pattern. We stock a wide range of sizing from 1-7" diameter by 12-18' length; additional sizes are available by custom order. Eucalyptus poles are ideal for exterior and interior use, including shade structures, ceiling/wall treatments, and fencing.
